# **ALL BIDDERS PLEASE READ**

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **YOU MUST BE SATISFIED.** **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Auction Sales Are Conducted in the Following**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **BIDS YOU SEND IN ARE THE MAXIMUM YOU ARE WILLING TO PAY FOR THE COIN. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

## IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. In the final analysis, you, the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated were we collecting. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

## **REFLECTIONS AS WE START OUR SEVENTEENTH YEAR**

To you, our valued customers, belong the credit for allowing us to celebrate another anniversary. Your continued confidence in us, both in buying and selling, has enabled us to present you a continued flow of desirable numismatic items. In addition, your valued comments, both positive and negative, have helped us to improve our service to you. We hope to merit your continued confidence and constructive criticism.

In spite of the sharp rise in the cost of preparing and handling these sales, our commission is even lower than when we accepted our first consignment; now as low as 8%. We have been able to do this by making a specialty of auctions and by using every modern device practicable. Our motto, "America's Leading Coin Auctioneers," reflects the achievement of our goal; the largest yearly volume of coins sold at auction. This is maintained by conducting monthly coin auctions.

Your constructive criticism is earnestly solicited in order to further improve our service to you.

Sincerely,

A.M. KAGIN,

PAUL KAGIN.

## **SOMETHING NEW HAS BEEN ADDED**

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized, we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot.

### "BLIND MAN'S NICKEL"

---

- 1931 NOT IN AW, 1882 5c shield similar to regular issue but with FIVE BOLD RIDGES ON THE EDGE, SO THAT THE BLIND COULD DETERMINE BY THE TOUCH ITS DENOMINATION. The circumference around the flat part of the edge is several MM smaller than the regular shield nickel, however, the circumference as measured around the tips of the five projecting ridges is the same as that of the standard nickel. The ridges have a slight bevel, from the base of the rim toward the outer edge, both on the sides and on the ends. The ridges separate the edge of the coin into five equal segments. Capt. Haseltine stated that "ONLY THREE STRUCK, AND NOT IN THE MINT CABINET." This is the Col. James W. Curtis specimen who wrote in the August 1948 Numismatic Scrapbook that this was perhaps the only one specimen still known. An interesting article also appeared in the July, 1948 Numismatic Scrapbook. This specimen is mounted in clear plastic with BLIND MAN'S NICKEL "PATTERN" at top and COL. J. W. CURTIS AT bottom in gold letters, BRILLIANT PROOF. Due to its exceptional rarity and interest-arousing capabilities, we hesitate to estimate its value. You, the collector, must determine by your bids what this perhaps unique item is "worth." Certainly it is more rare and, we believe, more interesting than the 1913 nickel. Who can predict what the ultimate value of this piece will be in years to come.

## **YOU MUST BE SATISFIED**

Our Sales Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.
